# THE RESORT

**VOI Marsa Siclà Resort** is immersed in an exclusive and relaxing atmosphere. The Resort has been totally renovated in 2018 with a refined contemporary design.

Not far from the small fishing village of Sampieri, the Resort is the ideal place to discover the wonders of the "Land of the Sun" and dive into the transparent waters of the Southern coast of Sicily.

Sampieri, a favourite tourist destination, still owns its characteristics of a seafaring village of the past. Fornace Penna at Punta Pisciotta, which dominates the entire coast of Sampieri, is the location of many scenes of a famous Italian TV series.

## ROOMS & SUITES

The idea to give to the housing units features recalling the *Mare Nostrum* comes from the Mediterranean islands: a sophisticated colour contrast brings the summer in every season.

Thanks to a unique and original design, the restyling of the rooms creates an evocative atmosphere where to relax.

**150 Rooms and Suites**, distributed in several villas.

# MEETING SPACES

The Resort offers a meeting room of 200 sqm, thus offering the possibility of organising conferences, training courses, Company meetings and business meetings for **up to 150 delegates**.

The hall, versatile in terms of layout, provides the most modern technical equipment; you can also request assistance from support staff to make your meeting perfect.

# RESTAURANTS & BARS

At the restaurant "**Il Baglio**", the glutony is a must, with its refined dishes of Italian and international *haute cuisine*.

In addition, the **Pizzeria Timilia**, with its selection of pizzas, satisfies the palate, delights the eyes and inebriates the sense of smell.

At the poolside, while relaxing on a chaise longue, it is possible to enjoy creative cocktails, drinks and delicious food, all prepared by the team of the **Bar Riviere**.

# THALASSO SPA & WELLNES CENTRE

Within the resort, a large space is dedicated to well-being. It is the VOI ThalassoSpace, where water is the protagonist and the virtues of the earth and the sea meet, creating a harmonious fusion of colours, flavours and sensations.

# POOL

"Progettare una piscina è progettare non una goccia di lago o di mare, ma costruire una architettura con il cielo per tetto e fiori e piante per pareti" (cit.)

A large 1000 sqm swimming pool with a reserved area for *small Nemos* and two Olympic swimming lanes; in addition, a solarium area entirely renovated and equipped with umbrellas and design sunbeds.

# SPORTS

A large number of sports can be practiced in the Resort: tennis, five-a-side football (on artificial grass), bowls and archery, not to mention water sports by the beach.

Outdoor fitness area, to enjoy *mens sana in corpore sano*.
