## PESTANA VINTAGE PORTO

HOTEL & WORLD HERITAGE SITE

LIFESTYLE

For those who want to know the Invicta City in depth, the Pestana Vintage Porto is ideally located. Situated in the heart of the “Ribeira”, located near the “Praça do Cubo” and below the medieval wall, right in the historic center, it offers a view over the Douro and of the Dom Luis Bridge. The hotel occupies an entire block of typical buildings of the old Porto, seamlessly integrated into the unique atmosphere that exists in this picturesque area of the “Ribeira”.

Recognized as an hotel with charm and awarded numerous times by the international press, it is undoubtedly one of the best and most emblematic hotels of Porto.

Perfect for a leisure stay, the Pestana Vintage Porto is also ideal for business meetings and corporate events. To stay in this beautiful hotel, with stunning views, is to have the privilege of spending a few days in scenery which is a UNESCO World Heritage Site.

The name Portugal is derived from the name Porto (also known internationally as Oporto). It's one of the oldest Portuguese cities, also known as "Cidade Invicta" for having never been defeated in battle by invading forces. The Historic Center of Porto was classified as a World Heritage of Humanity site in 1996. In 2012, the city received the distinction of The Best European Touristic destination. It is recognized worldwide for Porto wine, for its old and contemporary architecture, for its architects and for its five bridges that mark periods of the city's history.

Along the river and by the sea, Porto is a city of contrasts where medieval arcades coexist with works like “Casa da Música” (the House of Music). It is a fascinating city where character and the hospitality of the people invite you to return many, many times.
